Objective

To use my technical skills in the challenging field of Information Technology and to work in an organization which provides me an opportunity to utilize and enhance my competence along with good career growth opportunities as a Java Technical Lead/Technical-Functional/Technical Manager Role.

Professional Profile

- Working as a Project/Technical Lead served as an integral member of a large development team and helped drive efforts around all phases of the project lifecycle including planning, architecture and design, development, implementation, testing and support using Java/J2EE Technologies.
- Collaborated with cross-functional team leads, business analysts, customers and other key stakeholders throughout all phases of the projects.
- Roles played as Individual developer, Team Lead, Technical/Project Lead Project and Transition Management.
- People Manager: Provided direction, motivation & training to the Team for ensuring optimum performance towards the accomplishment of organizational goals
- Results-driven, can-do attitude, proven problem solving and trouble shooting skills. Excellent communication and interpersonal skills.
- Skilled in mapping clients' business requirements and translating these requirements into functional specifications, services, implementations and custom designing solutions.
- Proficient in planning project activities such as scoping, estimation, tracking, configuration, change management, delivery management and implementing project plans as per the specified guidelines
- Hands on experience with technologies like Java/J2EE, JSP, Servlets, Spring, Spring MVC, Restful Web Services, Spring Boot, Spring Microservices, JPA, Hibernate, Maven, Ant.
- Basic Knowledge of AWS webservices (EC2, VPC, S3, Elastic Load Balancer, Route 53, VPC, Auto Scaling).

Technical Skills

Experience working in Core Java, JSP, Servlets, Spring, Spring MVC, Spring Boot, Microservices, Hibernate, Rest.

Application servers: Tomcat, WebLogic, WebSphere.

AWS: Basic Knowledge of EC2, VPC, S3, ELB etc.

Basic Knowledge of Angular 8, Type script 3.4.

Tools: Eclipse, Visual Studio Code, Toad for Oracle, HP Agile Manager. WinSCP.

PROFESSIONAL EXPERIENCE

Since June 2007 Mphasis Ltd as Project Lead.
